ABSTRACT

Composed primarily of data tables and charts, this fact book provides information for 1995-96 on the faculty, students, and four campuses of Wisconsin's Milwaukee Area Technical College (MATC). Following information on the MATC vision and mission, tables are provided on general institutional characteristics, including a list of District Board members; a summary of MATC property and facilities as of June 30, 1995; average class size by division; and program and student fees by revenue category. Data are then provided on the gender, ethnicity, and handicap status of MATC faculty and staff from 1984 to 1995 and on full-time equivalent (FTE) student enrollment by state aid code and division/program from 1992-93 to 1994-95. Tables are then provided on student enrollment, including day, evening, weekend, and total headcount enrollments from 1990 to 1995; districtwide enrollment by level and instructional division as of the fifth week of the first semester of 1995-96; full- and part-time enrollment by level; headcount enrollment by ethnicity and gender; numbers of high school graduates attending MATC and those attending immediately after graduation from 1990 to 1995; and district enrollment by zip code. The next sections provide data on MATC's South, North, Milwaukee, and West campuses, including for each data on enrollment by level and division, headcount and FTE by level and division and by gender and ethnicity, and enrollment by zip code. Finally, data are provided on the percentage of minorities in the MATC District, minority enrollment by campus, and headcount and percent of minorities enrolled from 1980-81 to 1995-96. (BCY)

EQUAL OPPORTUNITY AND AFFIRMATIVE ACTION COMMITMENT

MATC's commitment to equal opportunity in admissions, educational programs, and employment policies assures that all individuals are included in the diversity that makes the college an exciting institution. MATC does not discriminate against qualified individuals in employment or access to courses, programs, or extracurricular activities on the basis of race, color, national origin, ancestry, religion, creed, sex, sexual orientation, age, disability, pregnancy, marital status, parental status, or other protected class status. The lack of English skills shall not be a barrier to admission or participation in any MATC program or service.

MATC will comply fully with state and federal Equal Opportunity and Affirmative Action laws, executive orders, and regulations. Direct questions concerning application of this policy to the Affirmative Action office, 700 West State Street, Milwaukee, Wisconsin 53233-1443, telephone 297-6528.

MATC also complies with all Americans With Disabilities Act provisions and makes reasonable accommodations upon request. Further information may be obtained by calling 297-6874.

THE MATC VISION

Milwaukee Area Technical College is committed to being a world-class educational institution that empowers students, faculty, and staff to realize their potential.

THE MATC MISSION

Milwaukee Area Technical College will provide quality occupational, academic, and lifelong education for improving personal and employment potential.

1996-1997 STRATEGIC PLANNING GOALS

- Improve Customer Service
- Improve Leadership, Management, and Cooperation
- Maintain Fiscal Stability
- Implement Long-Term College Plans
- Implement Technology Strategies

THE MATC FACT BOOK

This publication is an annual summary of the institutional and enrollment data that not only describes Milwaukee Area Technical College but also provides a base of data to be used for institutional planning. It is intended to be a resource for ad hoc information needs and an institutional standard for data.

The first semester enrollment statistics are included for each campus and region and for each instructional division. Whenever possible, historic data is presented to aid each reader in determining enrollment trends. These statistics are helpful in determining future resource needs.

Ethnic and gender statistics are presented by campus and instructional program. This information is useful for addressing opportunity and equity issues and for measuring the effectiveness of initiatives to address these issues.

While reading this document, be sure to note if the student numbers in a given table are "Headcount" (the actual number of individuals enrolled regardless of how many credits they are taking) or "FTEs" (Full-Time Equivalent - a calculated number that is arrived at using a relatively complex set of formulas but is generally equivalent to one FTE equals 30 credits).

Please use the data in this Fact Book to support your planning to meet the strategic goals of the college.

*Statistics for 1985–86 are as of November 6, 1985, the ninth week of the semester; therefore, the overall enrollment total is greater than the fifth week total because some second quarter records have been applied. All other statistics are as of the fifth week of the semester.

**Statistics are duplicated by day, evening, and weekend for each time a student enrolls.
